perhaps no other nation is or has ever been as religiously diverse as the united states for elected officials school principals corporate leaders and many others this diversity poses unique challenges leaders bring their own faiths to public life and they daily encounter followers of similar and different faiths good leadership must draw together people from varied backgrounds in order to achieve something in common this is no simple task how should leaders deal with menorahs and crosses veils and turbans prayers and holidays how do they and their followers turn the cacophony of beliefs and practices into a kind of citizenship worthy of the american tradition of religious freedom how can they honor the religious convictions of all americans in with god on all sides douglas a hicks provides a roadmap for leaders as they traverse the post 9 11 landscape although the devout possess moral and spiritual resources that can enrich civic life leaders must also be prepared to cope with nearly inevitable conflicts between people of different faiths yet wise leaders can find ways to transform the problem of diversity into an opportunity drawing on their moral and spiritual resources americans of all creeds have the capacity to enhance the quality of our civic debate their faith based practices create occasions for

mutual learning hicks tells the stories of how diverse americans have transformed public controversies into cases of cooperation the key to good leadership hicks writes is to engage one another across lines of difference with a spirit of humility build communication and trust and offer an inclusive vision that is true to america s principles based on years of research and practical experience with god on all sides provides an invaluable and thought provoking guide to leadership and citizenship in our devout and diverse nation

bringing together continental literary theory and anglo american philosophy listening on all sides reads the work of ralph waldo emerson herman melville nathaniel hawthorne wallace stevens and william carlos williams to uncover the role literary texts play in the way that language use creates and defines culture and ethics

work is changing speed and flexibility are more in demand than ever before thanks to an accelerating knowledge economy and sophisticated communication networks these changes have forced a mass rethinking of the way we coordinate collaborate and communicate instead of projects coming to established teams teams are increasingly converging around projects spinuzzi offers for the first time a comprehensive framework for understanding how these new groups function and thrive his rigorous analysis tackles both the pros and cons of this evolving workflow and is based in case studies of real all edge adhocracies at work his provocative results will challenge our long held assumptions about how we should be doing work

the strategy of warfare boxed set is a compelling anthology that traverses the vast and complex terrain of military strategy across centuries and cultures encompassing a wide array of literary styles from concise aphorisms to detailed treatises the collection brings together seminal texts that have shaped military thought through works that explore the theories underpinning warfare and strategic thinking the anthology offers readers a diverse tapestry of insights ranging from the tactical acumen of ancient generals to the revolutionary strategies of modern ideologues each piece contributes uniquely to the understanding of warfare with standout works illustrating timeless principles that resonate through history the contributors to this collection are some of the titans of military theory each bringing their unique historical and cultural perspectives to bear on the subject from the practical advisory works of sun tzu and kautilya to the philosophically profound analyses of clausewitz and machiavelli the anthology curates a dialogue between distinct eras of strategic thought many of these writings emerged from periods of significant political and military change reflecting the writers first hand experiences and theoretical innovations that continue to influence military and political doctrine globally for readers seeking a comprehensive exploration of strategic thought this boxed set offers unparalleled breadth and depth it embodies an educational journey through diverse perspectives presenting an invaluable resource for students of history military professionals and strategists alike this anthology not only illuminates the timeless nature of strategic dilemmas but also fosters an appreciation for the intricacies of military theory as a field dive into the strategy of warfare to engage with the vivid dialogues that have shaped the defense tactics of nations across epochs
